

EHS Manager - Regional

Our Business

Regal Beloit is a successful global organization with a reputation for excellence in research and design, product quality, manufacturing and service.

Regal Australia is a major national distributor of mechanical and electrical products. The company imports and markets a comprehensive range of industrial products such as electric motors, AC Drives, Soft Starters, speed reducers, brakes and clutches, couplings, insulation and conductors.

This is an exciting opportunity for an experienced EHS Manager to join our Head Office in Rowville from January 2018.

The Role

Reporting to the EHS Director in China and supported by the Managing Director in Melbourne you will drive the implementation of EHS initiatives and deliver safety culture, ensure compliance and drive continuous improvement across Regal sites in Australia, New Zealand, Malaysia and Singapore.

This is a stand alone role and as such will be hands on requiring strong relationships skills to work closely with local site management.

Responsibilities

- Lead and develop a positive safety culture
- Actively drive Regal's Health and Safety initiatives
- Plan, organize and implement Health and safety strategies to meet agreed safety targets
- Act as an advisor to all levels of staff
- Review, revise or maintain the EHS management system
- Manage audits and inspections of EHS management systems and identify any hazards.
- Regularly assess safety / environmental risks within the workplace and ensure compliance is met and if gaps identified implement corrective action
- Undertake incident investigations and monitor strategies to prevent injuries
- Implement coaching to the employees through educational programs on injury prevention and pollution
- Achieve reductions in lost time injuries, workers compensation claims and a company reduction in insurance premiums
- Management of specific OHS improvement projects
- Achieve OH&S audit results

Experience /attributes

- Relevant Qualifications in OH&S
- Extensive experience in a similar role within the industrial industry. International experience will be well regarded but not essential
- Knowledge of OSH&E principles and regulations
- Demonstrated knowledge of auditing procedures
- Ability to drive change and collaboration across the team
- Excellent communication skills- written/ verbal
- Energetic and proactive with excellent interpersonal skills
- Ability to travel to site locations on a regular basis

If you believe you possess the skills required then we encourage your application. Please forward your resume along with cover letter to Nedra.Raux@RegalBeloit.com
